MESMERIZE LIGHTING CATALOGUE 2023 - 2024

MESMERIZE™

L I G H T I N G

PRODUCT CATALOGUE

2023-24

ABOUT US

At Mesmerize, we pride ourselves on offering a full turn-key solution for customers across South Africa. While we only sell to accredited Mesmerize distributors, our support is focused on everyone from Architects/Engineers, Contractors, and Sales staff to the installer and end-user: on site and in the office.

We research and develop LED Lighting products that suit the needs of customers in South Africa and import them to distribute across all 9 provinces.

We offer piece of mind to our customers by providing the following:

- Quality • Trust • National Network • Affordability

We have identified the need for a premium quality lighting in the commercial, residential and industrial sectors. We also assure that we have the necessary skills and tools on hand to ensure our product line is of the highest quality.

OUR VISION

Our products form the foundation of our business, and providing our customers with the best product for the fairest price is our main objective. We are motivated by our development towards ever better product knowledge and sharing the improved lighting technology with South Africa.

WHY CHOOSE US?

Mesmerize Lighting retains over a decade worth of experience in the lighting industry, our expertise and ability to provide exceptional after sale service makes us the peoples choice for their lighting requirements.

We are about more than just the sale, we are about creating lasting relationships that long outlive the sale.

STRIPLIGHT SERIES

Vivid

The Vivid Series is the perfect balance between high brightness and low energy consumption.

Architectural

The Architectural Series has ultra-bright 50/50 LED chips to emphasize architectural features anywhere.

Design

The Design Series works best in aluminium profiles for a modern and eye-catching effect.

Lucid

The Lucid Series offers longer runs on DC24V and gives off that subtle illumination.

Ultra

The Ultra Series allows for ultra-bright ultra-long lengths of striplight without compensating on quality.

Harmony

The Harmony Series provides the option of over 2500 different colour options including white and warm white.

Seamless

The Seamless Series provides a futuristic linear look and feel for any application.
